Collect, exchange, transport and dispose

Our Services

Our Hazardous Waste Teams are here to help you become fully compliant with all relevant and applicable hazardous waste regulations. We have the ability to help with anything from jargon busting advice to complex identification, packaging and recycling initiatives.

We specialise in the management of packaged wastes ranging in size from lab smalls to drums to IBC's. Our team will always balance the most economic option with environmental legislation, the waste hierarchy and your specific requirements.

In-house Services

- Site Survey - advise on scheduled or adhoc collections and waste segregation
- Sampling and Testing - no data sheets? We can take a sample and test it at our in-house laboratories
- Listing - by our qualified chemists
- Packing - on site packaging service by a qualified chemist
- Labelling and documentation
- Waste handling and collection

Hazardous Waste Collection Service

- UN approved HazMats for laboratory chemicals and other smaller waste containers
- UN approved 200 litre wheelie bins
- UN approved 1m3 bulk Haz-Bags or IBCs for semi-bulk wastes
- Drummed/IBC collections
- Palletised waste collections
- WEEE SDA waste
- Lamp recycling
- Battery recycling

Hazardous Waste Services
