Oil & Gas Offshore Services

Our experienced specialist industrial services teams, combined with bespoke and innovative solutions, delivers on safety, quality and cost.

With an established track record in decontamination and decommissioning services, we have successfully executed a wide range of offshore industry tasks and projects.

Accredited to Achilles FPAL and utilising our own in-house waste treatment processing plants, sustainability is at the forefront of our operations.

- Based on the Humber, Futures SIS headquarters offers a large modern engineering and fabrication workshop with design and build capability to ATEX standards offering bespoke solutions to the offshore industry.
- Future Innovates. Providing bespoke offshore solutions for complex tasks and projects.
- Achieving safety excellence.
